HELLENIC MOTORSPORT COMMITTEE (ΕΠ.Α.)

Athens, 23 January 2015

To
Mr. Kay OBERHEIDE
Executive Secretary of the CIK-FIA
e-mail: koberheide@fia.com

Dear Sir,

Looking for better ideas in organizing more economical races and championships due to the economic crisis in Greece, we would like the CIK-FIA opinion regarding our intention to organize Karting Championships in Greece for JUNIOR and SENIOR Categories using long-life engines such as ROTAX, IAME X30, ROK etc.
We wonder if that would be accepted instead of the KF3 and KF2 ones.

We look forward to receiving your answer.

Please, do not hesitate to contact with us.

Best Regards,

Dimitris Athanasekos
Member of OMAE Karting Commission

Dear Sir,

Thank you for your email with the letter of Mr. Dimitris Athanasekos.

First of all I would like to point out that finally **it is a decision Hellenic Motorsport Federation – OMAE to decide using the CIK categories for their national championships or not.**

On the other hand the CIK would be appreciated if the OMAE would use also in the future the CIK categories, especially because of the fact that in 2016 the CIK will implement the “New KF Engine” which will replace the current KF & KF-Junior engines.

Those engines will be from the technical point of view much easier than the current engines and definitely also cheaper.

I hope you will take my explanations into account for your decision.

Thank you in advance.

Kind regards.

Kay OBERHEIDE
